## Mr. Marcio Castro

Principal, Mission View Public

### About Our School

As the principal of Mission View Public Charter, I am always humbled and honored by the continuously uplifting work that our students put into their education. Mission View offers a rigorous, individualized education for youth and we are committed to providing a well-rounded, safe and positive learning environment for our students.

Mission View has already had a dynamic start to the 2013-2014 school year. This year we are working toward offering more workshops for students, including Read 180 and CAHSEE preparation. We are also working with other Learn4Life charters to ensure that our curriculum is aligned with the Common Core State Standards. With our motivated teachers, faculty and staff, students are developing the skills needed to successfully complete their scholastic endeavors.

We continue to appreciate the support of parents, guardians and the community in helping our students achieve success. Students who graduate with Mission View do not just graduate with a diploma, they graduate with a life-long appreciation for learning.

## Data and Access

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the [California Department of Education \(CDE\) SARC Web page](#).
- For additional information about the school, parents and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012-13 Academic Performance Index Reports Information Guide located on the [CDE API Web page](#).

### School Description and Mission Statement (School Year 2012-13)

Mission View Public Charter is a K12 charter school serving the students of the Santa Clarita Valley.

Mission View offers 2 educational programs. The first program is a Home Studies program. Students are schooled at home by parents. Parents are provided State adopted textbooks. Parents are also assigned a CA credentialed teacher to provide educational support.

Our second program is our High School independent Study (Personalized) program.

This program is designed to help students earn their High School diploma.

The mission of Mission View Public School (MVPS) is to engage students in a challenging yet individualized education plan. MVPS students are those who no longer comprise a part of the instructional system offered by the traditional high schools in the area. MVPS develops personalized learning plans uniquely created for the student. These plans enable the student to move towards graduation as a part of a structured independent study program. MVPS will strive to help each student master basic skills, move toward a mastery of technology, and develop an interest in lifelong learning, as they become responsible, contributing members of their community and society.

### Opportunities for Parental Involvement (School Year 2012-13)

Parents will be solicited for participation on the various WASC Committees for the school upcoming 3 year WASC accreditation review.

Parents will also be participants in our ELAC, PAC, as well as our SSC.

# Student Performance

## Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the [CDE STAR Results Web site](#).

# California High School Exit Examination Results for All Grade Ten Students –

## Three-Year Comparison

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB. For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

## California Physical Fitness Test Results (School Year 2012-13)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the [CDE PFT Web page](#).

## Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the [CDE API Web page](#).

### Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

| API Rank        | 2010-11 | 2011-12 | 2012-13 |
|-----------------|---------|---------|---------|
| Statewide       | 1       | B       | B       |

## Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the [CDE AYP Web page](#).

| AYP Criteria                                   | School | District |
|--|--------|----------|
| Made AYP Overall                               | No     | No       |
| Met Participation Rate - English-Language Arts | Yes    | Yes      |
| Met Participation Rate - Mathematics           | No     | Yes      |
| Met Percent Proficient - English-Language Arts | No     | No       |
| Met Percent Proficient - Mathematics           | No     | No       |
| Met API Criteria                               | Yes    | Yes      |
| Met Graduation Rate                            | No     | Yes      |

## Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the [CDE PI Status Determinations Web page](#).

| Indicator   | School | District  |
|---|--------|-----------|
| Program Improvement Status                          |        | In PI     |
| First Year of Program Improvement                   |        | 2013-2014 |
| Year in Program Improvement                         |        | Year 1    |
| Number of Schools Currently in Program Improvement  | N/A    | 2         |
| Percent of Schools Currently in Program Improvement | N/A    | 66.7%     |

## School Safety Plan (School Year 2012-13)

### MVPS

has a formal comprehensive safety plan. It encompasses almost all foreseeable eventualities and includes separate sections on Medical and First Aid, Fire, Earthquake Preparedness, Gas Leaks, Bomb Threats, Explosions, Chemical or Radiation Spills, Violent/Criminal Behaviors, Civil Disturbances/Demonstrations, and potential Psychological Crises. A copy of the plan is to be placed at each workstation.

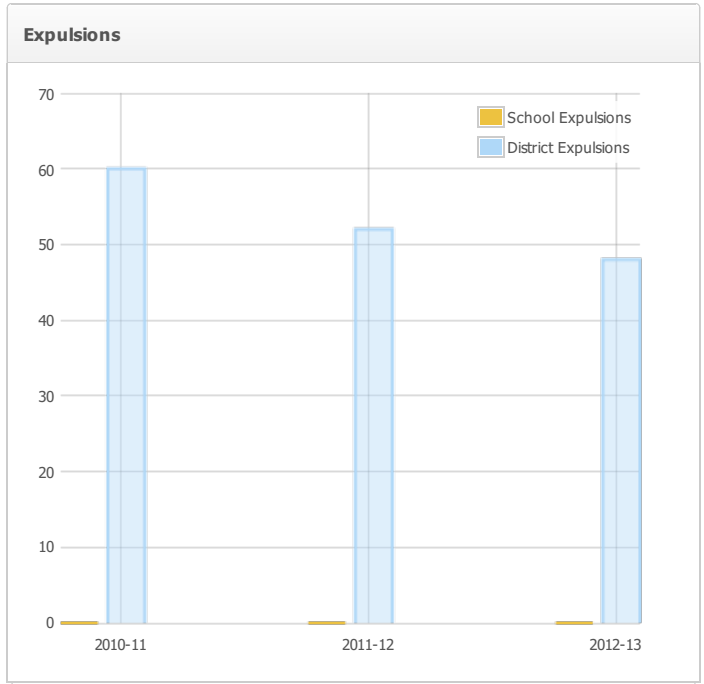

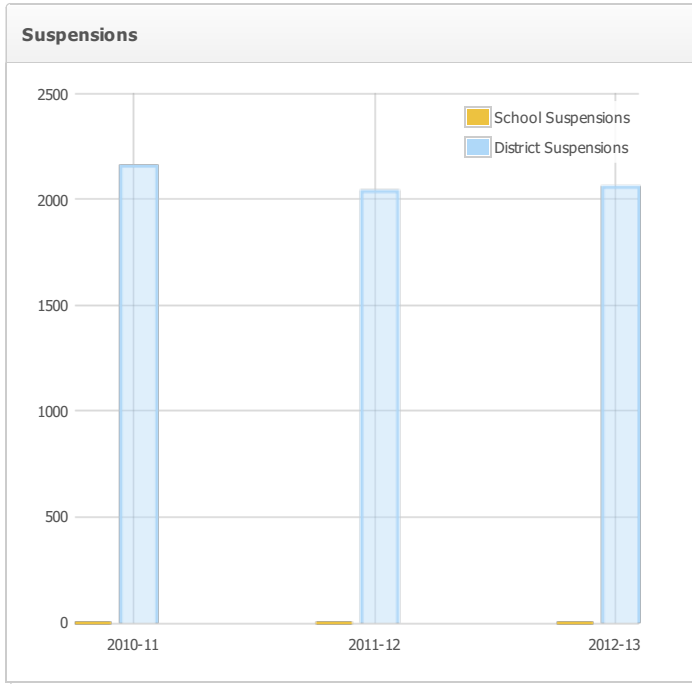

MVPS also employs a full time security officer.

# Suspensions and Expulsions

| Rate *      | School  |         |         | District |         |         |
|-------------|---------|---------|---------|----------|---------|---------|
|             | 2010-11 | 2011-12 | 2012-13 | 2010-11  | 2011-12 | 2012-13 |
| Suspensions | 0.00    | 0.00    | 0.00    | 2155.00  | 2036.00 | 2056.00 |
| Expulsions  | 0.00    | 0.00    | 0.00    | 60.00    | 52.00   | 48.00   |

\* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

# School Completion and Postsecondary Preparation

## Admission Requirements for California’s Public Universities

### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the [UC Admissions Information Web page](#).

### California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the [CSU Web page](#).

## Career Technical Education Programs (School Year 2012-13)

The purpose of MVPS' Career

Technical Educational Program is to provide students with relevant career education in preparation for the working world, while earning elective credits. MVPS recognizes that part-time jobs can give students needed supplementary income, valuable work experience, and enhanced self-esteem.

The training program, called

Work Experience Education of WEE, is designed to help students develop job skills and learn about career opportunities following the Work Experience Education Framework and Content Standards for California Public Schools.

Also ten weeks of computer

courses, that cover basic computer literacy skills (hardware, software & internet) have recently been offered to MVPS students. More advanced computer courses are in the developmental stages.

# Instructional Planning and Scheduling

## Professional Development

---

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

MVPS

does have a professional development plan. Several days per year are designated as in-service days and usually these trainings are provided on site. These trainings are paid and often are done by in-house presenters; however, depending on the topic, on occasion there are some paid trainers hired. This year we planned extensive training for our teachers to support the new Common Core Standards.

In

addition, MVPS hold staff meetings every Monday for 1.5 hours and 2.5 hours monthly.

PD is often

discussed, planned and or offered on these days.
